

Experiential Learning through Virtual Educational Tour

2021-08-22 04:27:13

Successful implementation of Experiential Learning through Virtual Educational Tour "It's better to see something once, than to hear about it a thousand times." Blossoms emphasizes more on experiential education where the students question and learn from their experiences along with finding solutions to their own queries. The occasional field trips and the education tours have been one of the popular pedagogical strategies adopted by the school for enhancing knowledge and developing skills among the students. The Virtual Educational Tour organized (due to the ongoing pandemic situation) for enriching educational experiences of the students from the comfort and safety of the homes had been quite a successful one. The students from Std Nursery to Std 10 had different tours to experience and learn from. for more details :
