VISUAL LEARNING

I quote Benjamin Franklin "Tell me and I forget, teach me and I may remember, involve me and I learn" Unquote. Visual learning and demonstrations have been a part of the curriculum. Learning through narration, talk, role-play, mono dialogues, dramatization and presentations are all a part of this and I must say our children are very talented in all these.

COMPUTER

Computer classes are one of the most loved ones because they get to work on individualized systems, and this gives them freedom and a sense of 'I know it all'.

However, guidance and support is provided to keep a check on them and I request you to do the same at home too.

LIBRARY

Reading in the library is an all-time favorite of the students as they equip themselves with knowledge and creativity of ideas and thoughts. Losing themselves in the fantasy land of magic and mystery during this period is inevitable. My sincere request to you all is to encourage them to read books that are age appropriate. In the long run it will help them improve their vocabulary in English. National Library Day was celebrated in the school too.
